ARTICLE 23-A

LICENSURE AND EMPLOYMENT OF PERSONS PREVIOUSLY
CONVICTED OF ONE OR MORE CRIMINAL OFFENSES

Section 750. Definitions.

751. Applicability.

752. Unfair discrimination against persons previously convicted of one or more criminal offenses prohibited.

753. Factors to be considered concerning a previous criminal conviction; presumption.

754. Written statement upon denial of license or employment.

755. Enforcement.

§750. Definitions. For the purposes of this article, the following terms shall have the following meanings:

(1) "Public agency" means the state or any local subdivision thereof, or any state or local department, agency, board or commission.

(2) "Private employer" means any person, company, corporation, labor organization or association which employs ten or more persons.

(3) "Direct relationship" means that the nature of criminal conduct for which the person was convicted has a direct bearing on his fitness or ability to perform one or more of the duties or responsibilities necessarily related to the license, opportunity, or job in question.

(4) "License" means any certificate, license, permit or grant of permission required by the laws of this state, its political subdivisions or instrumentalities as a condition for the lawful practice of any occupation, employment, trade, vocation, business, or profession. Provided, however, that "license" shall not, for the purposes of this article, include any license or permit to own, possess, carry, or fire any explosive, pistol, handgun, rifle, shotgun, or other firearm.

(5) "Employment" means any occupation, vocation or employment, or any form of vocational or educational training. Provided, however, that "employment" shall not, for the purposes of this article, include membership in any law enforcement agency.

§751. Applicability. The provisions of this article shall apply to any application by any person for a license or employment at any public or private employer, who has previously been convicted of one or more criminal offenses in this state or in any other jurisdiction, and to any license or employment held by any person whose conviction of one or more criminal offenses in this state or in any other jurisdiction preceded such employment or granting of a license, except where a mandatory forfeiture, disability or bar to employment is imposed by law, and has not been removed by an executive pardon, certificate of relief from disabilities or certificate of good conduct. Nothing in this article shall be construed to affect any right an employer may have with respect to an intentional misrepresentation in connection with an application for employment made by a prospective employee or previously made by a current employee.

§752. Unfair discrimination against persons previously convicted of one or more criminal offenses prohibited. No application for any license or employment, and no employment or license held by an individual, to which the provisions of this article are applicable, shall be denied or acted upon adversely by reason of the individual's having been previously convicted of one or more criminal offenses, or by reason of a finding of lack of "good moral character" when such finding is based upon the fact that the individual has previously been convicted of one or more criminal offenses, unless:

(1) There is a direct relationship between one or more of the previous criminal offenses and the specific license or employment sought or held by the individual; or

(2) the issuance or continuation of the license or the granting or continuation of the employment would involve an unreasonable risk to property or to the safety or welfare of specific individuals or the general public.

§753. Factors to be considered concerning a previous criminal conviction; presumption. 1. In making a determination pursuant to section seven hundred fifty-two of this chapter, the public agency or private employer shall consider the following factors:

(a) The public policy of this state, as expressed in this act, to encourage the licensure and employment of persons previously convicted of one or more criminal offenses.

(b) The specific duties and responsibilities necessarily related to the license or employment sought or held by the person.

(c) The bearing, if any, the criminal offense or offenses for which the person was previously convicted will have on his fitness or ability to perform one or more such duties or responsibilities.

(d) The time which has elapsed since the occurrence of the criminal offense or offenses.

(e) The age of the person at the time of occurrence of the criminal offense or offenses.

(f) The seriousness of the offense or offenses.

(g) Any information produced by the person, or produced on his behalf, in regard to his rehabilitation and good conduct.

(h) The legitimate interest of the public agency or private employer in protecting property, and the safety and welfare of specific individuals or the general public.

2. In making a determination pursuant to section seven hundred fifty-two of this chapter, the public agency or private employer shall also give consideration to a certificate of relief from disabilities or a certificate of good conduct issued to the applicant, which certificate shall create a presumption of rehabilitation in regard to the offense or offenses specified therein.

§754. Written statement upon denial of license or employment. At the request of any person previously convicted of one or more criminal offenses who has been denied a license or employment, a public agency or private employer shall provide, within thirty days of a request, a written statement setting forth the reasons for such denial.

§755. Enforcement. 1. In relation to actions by public agencies, the provisions of this article shall be enforceable by a proceeding brought pursuant to article seventy-eight of the civil practice law and rules.

2. In relation to actions by private employers, the provisions of this article shall be enforceable by the division of human rights pursuant to the powers and procedures set forth in article fifteen of the executive law, and, concurrently, by the New York city commission on human rights.

Department of Labor

Labor Law Information Relating to
Public Employees

job safety and health protection

The New York State Public Employee Safety and Health Act of 1980 provides job safety and health protection for workers through the promotion of safe and healthful working conditions throughout the State. Requirements of the Act include the following:

Employers: The Act requires that employers furnish employees a workplace free from recognized hazards and in compliance with the safety and health standards applicable to the employer's workplaces and other regulations issued by the Commissioner of Labor under the Act.

Employees: The Act requires that employees comply with all safety and health standards and other regulations issued under the Act that apply to their actions and conduct on the job.

Enforcement: The New York State Department of Labor's Division of Safety and Health (DOSH) is responsible for administering and enforcing the Act. The Commissioner issues safety and health standards, and Safety and Health Inspectors and Hygienists conduct on-site inspections to ensure compliance with the Act.

Inspection: The Act requires that a representative of the employer and a representative authorized by the employees be given an opportunity to accompany the DOSH Inspector or Hygienist for the purpose of aiding the inspection.

Where there is no authorized employee representative, the DOSH Inspector or Hygienist must consult with a reasonable number of employees concerning safety and health conditions in the workplace.

Order To Comply: If the DOSH Inspector or Hygienist believes an employer has violated the Act, an order to comply will be issued to the employer. Each order will specify a time period within which the violation must be corrected. If the violation remains uncorrected, the employer may be subject to monetary penalties.

The DOSH order to comply must be prominently displayed at or near the place of violation to warn employees of dangers that may exist.

Complaint: Employees or their representatives have the right to file a complaint, in writing, with the nearest DOSH office requesting an inspection if they believe unsafe or unhealthful conditions exist in their workplace. DOSH will withhold, on request, names of employees complaining.

Any interested person or representative of such person or groups of persons may bring to the attention of the State Department of Labor a complaint regarding the administration or enforcement of the Public Employees Safety and Health Program. The State Department of Labor will investigate each complaint and will notify the complainant in writing of the results of such investigation as well as further channels for complaint. Such complaints may also be made to the United States Department of Labor, Occupational Safety and Health Administration, 201 Varick Street, New York, New York 10014.

Discrimination: The Act provides that employees may not be discharged or discriminated against in any way for filing safety and health complaints or otherwise exercising their rights under the Act.

Employees who believe that they have been discriminated against may file a complaint with the nearest DOSH office within 30 days of the alleged discrimination.

Voluntary Activity: The Department of Labor encourages employers and employees to reduce workplace hazards voluntarily and to develop and improve safety and health programs in all workplaces.

Such cooperative action would initially focus on the identification and elimination of hazards that could cause death, injury or illness to employees and supervisors. On a voluntary basis, employers may request that the DOSH office furnish consultant services to assist the employer in meeting job-site compliance with safety and health standards.

How does this act affect private offices?

Employees with private offices cannot smoke in their office, or anywhere in the building.

No. In fact, the Act prohibits employers from providing a smoking break room for employees. Businesses with separately ventilated rooms for their smoking employees cannot allow smoking in these rooms or anywhere else in the building.

How will the act be enforced?

The owner, manager or operator of an area open to the public, food service establishment, or bar, that is covered by this Act must make a reasonable effort to prevent smoking.

How can I file a complaint?

Employees and the public may report, confidentially, violations of the Act to their local health departments, county board of health or their district health office for action. You can find the telephone number in the government section of your telephone book, or at www.health.state.ny.us.

Should signs be posted?

Yes. "No Smoking" or "Smoking" signs or a sign with the international "no smoking" symbol on it must be prominently posted and properly maintained where smoking is prohibited or permitted.

What are the penalties?

The enforcement officer for a city or county health department can assess a penalty of up to \$1,000 for each violation. In areas where the State Health Department is the enforcement officer, a fine of up to \$2,000 may be assessed.

A GUIDE FOR EMPLOYERS TO

New York State's

Clearing the Air
of Secondhand Smoke:
Protecting the Health
of New Yorkers

Effective July 24, 2003

New York State's CLEAN INDOOR AIR ACT

Effective July 24, 2003, the amended New York State Clean Indoor Air Act (Public Health Law, Article 13-E) prohibits smoking in virtually all workplaces, including restaurants and bars. The changes in the Act reflect the state's commitment to ensuring that all workers are protected from secondhand smoke. Localities may continue to adopt and enforce local laws regulating smoking. However, these regulations must be at least as strict as the Clean Indoor Air Act.

What is secondhand smoke?

Also called environmental tobacco smoke (ETS) secondhand smoke is a mixture of the smoke given off by the burning end of a cigarette, pipe or cigar, and the smoke exhaled from the lungs of smokers. The U.S. Environmental Protection Agency (EPA) reports that secondhand smoke contains more than 4,000 substances, 43 of which are known to cause cancer in humans or animals and many of which are strong irritants.

The EPA estimates that secondhand smoke causes up to 62,000 deaths each year among nonsmokers in the United States, including 3,000 deaths due to lung cancer alone. An estimated 300,000 children nationwide develop lower respiratory infections each year as a result of exposure to secondhand smoke, with approximately 15,000 of these children hospitalized due to their infections. And, exposure to secondhand smoke is a primary cause of asthma.

Where is smoking prohibited?

The Act states that smoking shall not be permitted and that no person shall smoke in the following indoor areas:

- Places of employment;
- Bars;
- Restaurants;
- Enclosed indoor swimming areas;
- Public transportation including all ticketing, boarding and waiting areas; buses, vans, taxicabs and limousines;
- All places of employment where services are offered to children;
- All schools, including school grounds;
- All public and private colleges, universities and other educational and vocational institutions;
- General hospitals;
- Residential health-care facilities, except separately designated smoking rooms for adult patients;
- Commercial establishments used for the purpose of carrying on or exercising any trade, profession, vocation or charitable activity;
- All indoor arenas;
- Zoos; and
- Bingo facilities.

Where is smoking permitted?

Smoking is permitted in the following areas or businesses:

- Private homes and private residences when not used for day care; private automobiles;
- Hotel or motel rooms rented to one or more guests;

- Retail tobacco businesses (primary activity is the retail sale of tobacco products and accessories, and the sale of other products is merely incidental);
- Membership associations where all duties related to the operation of the association are performed by volunteers who are not compensated in any manner;
- Cigar bars in existence prior to January 1, 2003 (where 10% or more of total annual gross income is from the sale of tobacco products); and
- Up to 25% of seating in outdoor areas of restaurants with no roof or ceiling enclosure may be designated smoking areas.

Are there any special circumstances where smoking is permitted?

Yes. Smoking is allowed in restaurants, bars, hotel and motel conference rooms, catering halls, convention halls and other similar establishments ONLY when the enclosed areas are being used for the sole purpose of inviting the public to sample tobacco products and serving food and drink is incidental to such purpose. A business establishment may schedule no more than two days in a calendar year for these events.

If my business is not listed in the above lists, does the act apply?

If your type of business is not specifically listed in the above lists, and you have employees, then you cannot allow smoking in your place of business.
