Freehold, NJ 07728

Dear Customer:

Enclosed please find a listing of workers' compensation medical providers in your area that treat work-related injuries.

Please be advised that you may choose either to post the listing or to use it as a reference tool for your employees. We have used our best efforts to select highly qualified healthcare providers, and we encourage you to utilize this provider list when referring injured employees for treatment.

The medical providers included on this list are part of a Provider Network that CNA Claim utilizes, which could include our Outcomes Based Network (OBN) and/or CNA Selected Providers. The OBN is aimed at identifying workers' compensation providers who consistently provide quality patient care with an improved overall result. The CNA Select Providers are composed of those providers whom CNA's Workers' Compensation Claim professionals and Case Managers identified as delivering quality medical care, as well as coordinating on a timely basis with employers on return-to-work matters.

OBN and CNA Selected Providers are not separate provider networks, but are a subset of our existing broad-based network:

- The OBN Providers are indicated by the  symbol
- The CNA Selected Providers are indicated by the  symbol

CNA found that these providers offer to:

- *Work with employers and employees to achieve maximum treatment results;*
- *Return employees to work as safely and quickly as possible; and*
- *Enable employees to maintain productive lives after work-related injuries.*

If you have questions regarding network providers or to report provider listing discrepancies, please contact: CNA at 1-877-262-2727, option 3, email is [ppopanelrequest@cna.com](mailto:ppopanelrequest@cna.com)
