PLEASE POST

This listing includes information on participating providers. While Travelers makes every effort to keep this on-line directory accurate and up-to-date changes may occur after posting. Please be sure to confirm the current participation of any provider. State rules and regulations and the facts of a claim may impact an insurance company's obligation to pay for medical treatment if an injured worker changes doctors after treatment has begun. Injured workers are advised to check with their claim handler, nurse case manager or legal representative before making an appointment with a new doctor to determine whether changing doctors will affect their claim.
